

# Building Insights into Talent Management

## Invitation to join:

### Building Insights into Talent Management Focus Group

The NHS Leadership Academy aims to understand how talent management is positioned across the system and gain insight into how talent management is understood, experienced, observed and felt by all staff – **inclusive of all roles, grades and professions**, to help create the conditions for good talent management to thrive.

We would like to invite you to give us some feedback on talent management and what this means for you, you can do this by joining us at our focus group on **Tuesday 5th June, 10:00am – 12:00pm at The Charis Centre, West Green Drive, Crawley, Sussex RH11 7EL.**

By the end of the session, you will have:

- Described your experiences of talent management and what it means to you
- Discussed the blockers and enablers to talent management in the health and social care system
- Shared your story of what attracted you to work in health and social care
- Explained why talent management is important to health and social care outcomes for citizens
- Identified more relatable terminology for talent management

**If you are interested in joining the focus group, please email your name, job title and organisation to [leadership.kss@hee.nhs.uk](mailto:leadership.kss@hee.nhs.uk)**

This will help us shape our offer, build the understanding of others and help create the conditions for good talent management to thrive in the NHS.

**Thank you for your support.**
